Dear Ms. Patel:

Re: Infection Control for Dental Professionals (Dentist, Dental Hygienists & Dental Assistants)

Your request for approval for continuing education credit of the above course of study was submitted to the Iowa Dental Board's Continuing Education Advisory Committee for review.

The Chairperson of the Advisory Committee has determined that two (2) continuing education credit hours be awarded for the program. The course is approved for all dental professionals including dentists, dental hygienists and dental assistants.

Board rules recently changed regarding the submission of attendance lists to the Iowa Dental Board. Continuing education sponsors are no longer required to submit attendance lists to the board office. However, these records need to be maintained by the sponsor for at least five years and provided to the board only upon request. Attendees should still receive proof of attendance certificates from the sponsoring organization.

Sincerely,

Melanie Johnson, J.D.
Executive Director
