

RECOGNIZING IMPAIRMENT IN THE WORKPLACE

The purpose of this course is to help Florida license nurses to improve knowledge of recognizing impairment in the workplace by identifying and support co-workers who may be afflicted with workplace impairment.

Upon completion of this course, you will be able to:

- Identifying predisposing factors, signs and symptoms of impairment in the workplace
- Interventions to promote safety and provide assistance
- The essential steps to make a report or referral of impaired healthcare worker
- Mandatory reporting law, Section 464.018, F.S.
- Treatment programs for impaired practitioners, Section 456.076, F.S
- Discuss available impairment treatment

Contact Hours : 2 Hours
